THEODORE THOMA

HIGH CLASS, POWERFUL AND RELIABLE.

HE STANDS ALONE IN HIS UNRIVALLED POWER TO READ THE FUTURE OF HUMAN KIND.

EDUCATED IN OCCULT MYSTERIES AND HINDOO PHILOSOPHY IN EGYPT AND INDIA, strangely fascinating are the words that come from the lips of this most interesting man, whose journey of life has taken him through all the renowned Psychic schools of Egypt, India and Europe. It seems, indeed, as if his knowledge must come from that mysterious world of which we all would learn, yet, long cannot know. He looks as far away into the dim, mysterious future—the great beyond—across the dark chasm, which separates the human body from the flitting soul—AND THAT WHICH IS TO BE is told with a clearness and precision that leaves no room for doubt. The innermost secrets of your life are laid bare to his mysterious, perceptive mind, and while he gives names, dates, facts and figures, his visitor sits dumb-founded at the revelations he makes. POWERFUL, PERSUASIVE, OCCULT FACULTIES.

Thoma, the Adept, is a writer, a teacher and an authority on all branches of the occult sciences. Years of study, travels in far Eastern lands and endless research, coupled with rare natural ability and psychic gifts have crowned him the greatest living exponent of his weird and mysterious profession.

He is surely a man of the passing time. Thoma will positively make no charge for his services unless you are entirely satisfied and find him superior to any palmist, medium or clairvoyant in the city. His honesty, test of time, and 14 years' continuous successful practice have proven beyond doubt that Mr. Thoma is the leader of his profession. His extraordinary powers of second sight, combined with a superior knowledge of occult forces, enable him to read human life with unerring accuracy from infancy to old age.

YOUR FUTURE FORETOLD CORRECTLY WITHOUT ASKING A QUESTION.

without any previous knowledge and having no natural means of knowing who you are, whence or for what you came, he will tell you your full name, and the object of your visit absolutely free of charge.

FUTURE KNOWLEDGE CONCERNING BUSINESS—LEARN WHAT IS BEFORE YOU.

His advice pertaining to love, law, business, wills, estates, buying or selling property, speculation, investments, marriages, divorce, etc., is unequalled. He reunites the separated, causes speedy and happy marriages with the one you love, gives truthful revelations of all love affairs, restores lost affections, settles lovers' quarrels, tells how to win the man or woman you love, make your husband or wife be true to you, overcome all enemies and make a person at a distance think of you; tells you names of friends or enemies—who is true and who is false; tells you whom and when to marry, giving names, dates, facts and location, taking no fees in advance, accepting none unless satisfaction is given.

SPECULATION, INVESTMENTS, PEACE, HAPPINESS, PERSONAL MAGNETISM DEVELOPED.

Personal magnetism is the magic wand that rules the world. It triumphs over obstacles and brings success in business and social life. It opens to

your vision the greatest secrets of life. It is that marvelous, subtle, unseen power that enables you to control man or woman and to banish ill-luck. IT IS THE KEY TO A HIGHER LIFE. It sways the minds of millions and regulates the destinies of nations. All truly great men and women possess personal magnetism and use it. The rich man is rich because he utilizes his invisible force; the poor man is poor because he lacks magnetism or the knowledge of its use. The salesman, the statesman, the lover, all profit by the use of the marvelous force. DO YOU WISH TO POSSESS THIS KEY TO THE vaults of happiness, friendship, wealth and fame, or will you plod along, vainly hoping that luck or chance may open the door for you? THE WISE USE EVERY MEANS TO COMPASS VICTORY.

Thousands have been helped. If you are in trouble of any kind, unhappy, not satisfied in life, have domestic love or business troubles you will be told how to overcome them. Call today.

Let's Be Consistent.

(By Oscar H. Adkinson)

John W. Davis, a trust lawyer, has been appointed solicitor general to prosecute trusts.

William E. Chilton, a trust tool, and Nathan Goff, a trust magnate, are in the United States Senate to legislate against trusts.

For members of the public service commission, Governor Hatfield has appointed trust servants to regulate trusts.

Let's appoint millionaire brewers to enforce the prohibition amendment.

Let's see to it that only a rich gambler shall enforce the laws against gambling.

Let's empanel all outlaws into a jury to pass judgement on themselves.

WHY NOT?

Municipal Farming

The first crop of potatoes from Schenck's municipal farm has just been distributed by the municipal grocery store. The potatoes are of a standard variety and the total crop will be over 1,000 bushels. The labor, with the exception of the head farmer, is performed by men who applied to the Charities Office for relief. They work on the farm till other employment can be found for them. The number of unemployed is thus reduced in the city. In addition to potatoes, there are also crops of corn, beans, cabbage and hay. The farm pays for itself and will probably bring the city a profit.

Who Are The Anarchists?

"People Attack Socialist Mayor," read the headline in the capitalist papers. They were referring to Scott Wilkins, the Socialist mayor of St. Marys, Ohio.

When the Socialists assumed power in that city they found certain big corporations and private individuals getting electricity and water for almost nothing, the working people paying the bills.

One of the chief violators was the St. Marys Machine Company, which was paying \$4.80 a month. A meter was installed which showed that the company used \$6 worth of water the first month.

When the bill was presented the company refused to pay it. Their water was turned off. The mill owners and their officials then rose up against the city authorities. These are the folks the capitalist papers mention in their headlines as the "people."

Technicality

You may recognize this picture. It is drawn by the Chicago Tribune and illustrated the technical side of the law:

"The prisoner is discharged."
"What's that, Judge?"
"You are discharged, I say."
"But, judge, I pleaded guilty."
"I can't help that, go on away."
"I pleaded guilty, your honor, and guilty I was and I think I ought to go to jail."

"Will you keep still? The court is done with your case."

"The indictment charged me with using poisonous flavors in soda water, judge, and I certainly did. Now I want to pay the penalty."

"Once and for all, my man, I order you to quit bothering this court. You were charged with adulterating soda water. The evidence shows that you labeled your bottles 'sody water.' That let's you out. There is no law against putting impurities in sody water. The law refers only to soda water, sir—s-o-d-a, soda."

"I had no intention of evading the law, judge. I spelt it s-o-d-y through ignorance. Can't you send me up for a month or so?"

"No, sir, not for a minute. The law is the law, and I am here to defend it from violation. Officer, throw this persistent and illogical person into the street."

The Mexican situation bids fair to give capitalism a breathing spell. That is, if the United States can be plunged into a war with Mexico, the minds of the discontented working class will be temporarily diverted from their world-wide struggle to escape from the clutches of the capitalist system.

Since capitalism has passed the period of its usefulness, it is prodigiously wasteful.

MAKING BREAD

OUR ma has gone out in the country. We're left all alone, what a pity! With nothing to do but to ponder and read out loud to the kitty. We run out of bread in the morning: But, knowing 'tis easy to make it. My father adjourns to the kitchen. And silently starts in to bake it.

THE RECIPE.

Take two coffee cups full of flour. With water sufficient to "dough it. A thimble of salt for the "season." Now roll it and poke it and blow it. And blow it and poke it and roll it. And pinch it and push it and flop it. And punch it and pound it and pull it. And monkey around till you drop it. Then clean it off nice with a towel. And sock in a yeast cake to "raise" it. Now drop in some soda to "short" it. Any smear on some butter to "glaze" it.

Place it away back in the oven (That is, if you've molded and "set" it).

Close up all the doors of the kitchen. Go in and sit down and forget it.

Go sit yourself down in the parlor. And read from the "Science of Baking."

Read on till you smell something burning.

Then think of the bread you are making.

Now hop, skip, and jump to the kitchen. And, as you hop higher and higher. You know by the smoke in the hall-way.

The blooming old bread is on fire. Now hustle it out in the alley.

Juggle it, fumble it, shy it: Then gently dig up a nicker.

And go to the baker's and buy it.

When you work as an employee you work for another. When you work for Socialism you employ yourself and work for yourself.
